

Will to Power

SPK

I am here to rule the world
Take over this universe
No one can't stop
My journey to the end Live your life just like I say
And I will pull you through
Through the gates of hope
Now follow me Hear my word and walk with me
Step by step, I'll lead you
And you will see I know there's calm
Before the storm
This silence kills me
It's been quiet for far too long Now it's time to take control
'Cause I hold the Thunderstone
And I will save you
All from the pain Hear my word and walk with me
Step by step, I'll lead you
And you will see It's in my hands
Power and will
It's in my hands I am here to stay for evermore
Guide your way like no one else before
I'm the one who makes your dreams come true
I'm the one who holds the answer
The one who knows the truth
The one who's got the will to power There are times you feel that you can't make it through
Don't be afraid 'cause I'm here for you
Just when you're livin' your darkest hour
I will give you the will to power Now it's time to take control
'Cause I hold the Thunderstone
And I will save you all from the pain Hear my word and walk with me
Step by step, I'll lead you
And you will see It's in my hands
Power and will
It's in my hands I am here to stay for evermore
Guide your way like no one else before
I'm the one who makes your dreams come true
I'm the one who holds the answer
The one who knows I am here to stay for evermore
Guide your way like no one else before
I'm the one who makes your dreams come true

I'm the one who holds the answer
The one who knows the truth
The one who's got the will to power
