

Twin Skeleton's (Hotel In NYC)

Fall Out Boy

There's a room in a hotel in NYC
The chains up feet and it server hot preety
I don't want to remeber it all promises are made if you just hold on
Hoooold onn hold on hold on hold on

I just did enough for you to tore the pain
Just to keep it to the nights till its win again
To Stripped up twin skeletons again
Till It ain't just apining our sings again
And there's a jade black coat torn it all in all in all
Keep making trouble till your father chilled up
I need a new partner to the all in you

There's a room in a hotel in NYC
The chains up feet and it server hot preety
I don't want to remeber it all promises are made if you just hold on
Hoooold onn hold on hold on hold on
