

My Dream

D.H.T.

Verse 1

In my dream theres a place without war
no more guns, no more pain no more hurt
it's a world full of joy without sadness
people sing, people dance with all happiness

Chorus

Take me to my dream
love is everything
where there is no war
and the children sing
love is all around
it's the only thing in a dream that must come true

Verse 2

In my dream theres a place were it's clean
no more waste in the air and the sea
so there's place will be pure and all healthy
you can live your life in heaven

Chorus x2
