

Don't You Know What The Night Can Do?

Steve Winwood

Hear the night music playing?
Don't you know what it's saying?
We should feel it together
Forever Feel the beat and just hold on
To the sweet midnight flowing
Feel the music inside you
I'll be there too Now's the time our dreams are finally coming true
Feels so good we're crying
Now's the time when it's down to me and you
Spread these wings, we'll be flying Don't you know what the night can do?
Don't you know when it's touching you?
Don't you know what the night can do? Time to show all your feelings
All the night is revealing
Let the rhythm enfold you
Let me hold you Now we turn into music
Now we never will lose it
When the rhythm and night ride
No heart can hide There are times that never ever come again
Memories there for the making
When the night calls, we better let it in
All this love for the taking Don't you know what the night can do?
Don't you know when it's touching you?
Won't you help me to let it through?
Don't you know what the night can do? Don't you know what the night can do?
Know what the night can do?
Don't you know what the night can do? Don't you know what the night can do?
Know what the night can do?
Don't you know what the night can do? Don't you know what the night can do?
Know what the night can do?
Don't you know what the night can do?
Don't you know what the night can do?
