

Falling

Drake Bell

When you're feeling down
When I give a bown never fall
I'll be right behind you
Fell a sick most spray
Fell you got inside
I'll be there inside you You feel you're gonna fall
You feel you're gonna fall
You feel you're gonna fall
I'll be there to catch you
I'll be there to catch you If you're feelin low
And you're acting only low
I'll be there to smile for you
If you feel afraid
To stop
I'll be there to help you You feel you're gonna fall
You feel you're gonna fall
You feel you're gonna fall
I'll be there to catch you
I'll be there to catch you I'll be there to catch you
I'll be there to catch you
Yeah, yeah
