Why, Why, Why

Slick Rick

Back in the day, we slow kiss

And man, I did search for an interior motive

'Cuz all your look is sound hype

I wanna see if you're worthwhile, settlin' down typeGod knows there's bigger

So, observe to see if you gon' sweat the next nigga

Oh, help me make green light furriers

You know in life you can't race around with no worthlessSo continue the sequel

You weighed in the scale and we lived as free people

Then disagree and erupted too

I don't feel my standards are being lived up toSo erection conquers, I ran out

Went and had sex in Yonkers

God knows that flakin', jerkin' her and not the replace

Great is lookin' for I thought you didn't love and didn't need

(Lay, hey, hey)

I thought you said forever to decease

(Lay, hey, hey)I swore you were dishonest, do you believe?

(Lay, hey, hey)

I'll search this world forever, are you real?

(Lay, hey, hey)Low is my time of honor

Friend material and not that type of barner

So myself out of chump

Would the problems with having worth that type of jumpCommitment, rig, act cruddy

And regardless, move made and back studyin'

Still screamin', thrown and elegance

Grown, don't play, growned intelligenceFix what bother and another

If speed's not made, once again, who gonna suffer?

Stubborn fools came, the mule came

Over here wit a girl from the old school nameThough hit and all though back's about wit

Memories and that's about it 'cuz'Cuz, I thought you didn't love and didn't need

(Lay, hey, hey)

I thought you said forever to decease

(Lay, hey, hey)I swore you were dishonest, do you believe?

(Lay, hey, hey)

I'll search this world forever, are you real?

(Lay, hey, hey)And uneasiness kept here

Even after we made this big giant step here

Womanhood, somewhere in the basement

Slowin' down again, so I'm lookin 'a replacementMusic poundin' a slow jam

Wit a girl knowin' and down wit the program

Although the honey aim style king Wit a took broom and taimin' the wild thingLoud, uneasiness brought out Still tried to shove my tongue down the bushy broad mouth Speedin', chasin' after vaccine

Tried to string along but I didn't have the patienceLearned from cussin' and confusion

Breakin' Commandments wasn't a solution Though a few minor clicks in relationship

Still time to fix things'Cuz, I thought you didn't love and didn't need

(Lay, hey, hey)

I thought you said forever to decease

(Lay, hey, hey)I swore you were dishonest, do you believe?

(Lay, hey, hey)

I'll search this world forever, are you real?

(Lay, hey, hey)'Cuz, I thought you didn't love and didn't need

(Lay, hey, hey)

I thought you said forever to decease

(Lay, hey, hey)I swore you were dishonest, do you believe?

(Lay, hey, hey)

I'll search this world forever, are you real?

(Lay, hey, hey)
