

# L.O.V.E. Love

## Orange Juice

I started to write this song about you  
Then I decided that I would write it all about love  
It then occurred to me  
That you weren't happy  
That's for sure, positively  
That's what the world is made for  
So give me more...L.O.V.E.  
Love is a walk down Main street  
Love is an apple that's so sweet  
Love is something that can't be beat  
L.O.V.E.  
It's strange to me I can't explain this feeling  
Can't you see that salvation is freeing  
It's all in the heavens  
Can't you see  
You can always depend on me  
To give you love Love is a fire within my soul  
Love is a story that can't be told  
Can't you feel it burning more and more  
Stop and look at the big wheel roll I can't explain this feeling  
Can't you see that salvation is freeing  
I would give my life for the glory  
Just to be able to tell the story  
'Bout...I didn't mean to make you mad  
A sweet story, I thought I had  
But maybe time will bring us together  
And I will be such a happy fella  
'Bout...Love is something that is so divine  
Love is a feeling (that)'s a friend of mine  
It can't be measured by no time  
In your heart or even in your mind  
Love is a fire within my soul  
Love is a story that can't be told  
Can't you feel it burning more and more  
Stop and look at the big wheel roll
