

Longtime

Yppah

This is the way the world ends
This is the way the world ends
This is the way the world ends
Not with a band You come, you go
I see you, it snows
I see you, it's fine
Let it happen slowly You come and you go
You've got a life, and that's fine
But you're here, and you're mine
I haven't seen you in a long time You come, you go
I see you, it snows
I see you, it's fine
Let it happen slowly And you come and you go
You've got a life, and that's fine
But you're here, and you're mine
I haven't seen you in a long time Gonna make it, gonna do it
Now it's dark, now it's time
Gonna make it, gonna do it
Through the darkness you're mine You come and you go
I see you, it snows
I see you, it's fine
Let it happen slowly And you come and you go
You've got a life, and that's fine
But you're here, and you're mine
I haven't seen you in a long time Gonna make it, gonna do it
Now it's dark, now it's time
Gonna make it, gonna do it
Through the darkness you're mine You come and you go
I see you, it snows
I see you, it's fine
Let it happen slowly And you come and you go
You've got a life, and that's fine
'Cause you're here, and you're mine
I haven't seen you in a long time The way it's going to happen
It's the way it's going to go
It's the only way to do it
It's the only way I know The way it's going to happen
It's the way it's going to go
It's the only way to do it

It's the only way I know The way it's going to happen
It's the way it's going to go
It's the only way to do it
It's the only way I know The way it's going to happen
It's the way it's going to go
It's the only way to do it
It's the only way I know
