Just Might Change Your Life

Sidewalk Prophets

You ve got your reasons
Reasons just to walk away
No one would blame you if you didn t want to face the pain
You find yourself
Up against the wall
You re scared to push cause it might fall
And it
Just might change your life
You re on the edge now take one step
And you just might find you ll fly
You never know what will happen next
Don t be afraid to let go this time
It just might change your life
You keep on reaching
Reaching for a hand to hold
You re scared you ll wake up on the edge of the unknown You find your heart in fragile place
Afraid to move cause it might break
And it
Just might change your life
You re on the edge now take one step
And you just might find you ll fly
You never know what will happen next
Don t be afraid to let go this time
It just might change your life
Don t be afraid to let go
Just let go, just let go, just let go, just let go!
And it
Just might change your life
You re on the edge now take one step
And you just might find you ll fly
You never know what will happen next
And it just might change your life
You re on the edge now take one step
And you just might find you ll fly
You never know what will happen next
Don t be afraid to let go this time
Don t be afraid to let go this time
It just might change your life
