

# Some Wings

[Vanessa Williams](#)

From Almost an Angel Soundtrack  
Wings made of paper, or wings made of plaster  
wings of an eagle, or airplane, or faster  
Wings made of wind, made of luck, made of lies  
wings in a brush, in the hush of a night  
Some wings are invisible, some wings are etched to see  
some are hidden completely  
Who says a hero's a knight on a charger  
braver and stronger and always much larger  
Why not the guy in the tie on the train  
Why not the bomb on the bench in the rain  
Some wings are invisible, some wings are etched to see  
some are hidden completely  
Over your shoulder  
either the blue  
something maybe calling  
calling you  
Wings made of father, or wings made of bayble  
if not for a wings or we ready or brable  
Wings made of dreams, made of love, made of prayer  
wings made of things that can ride of the earth  
Some wings are invisible, some wings are etched to see  
are they hidden inside of you and me
