Love Out Loud

Earl Thomas Conley

I don't brag about you to everyone I meet
I don't sing your praises in a crowd
Oh, but deep inside my heart you're the most important part
Oh, I'm just no good at love out loudAnd when you're here beside me laying in my arms
Well, I can't seem to get my feelings out
I know that you deserve the tenderest of words
But I'm just no good at love out loudLove out loud it don't come easy, love out loud it's hard for me
Deep inside my heart is singing and reciting poetry
So please don't read my silence as a cause for any doubt
I'm just no good at love out loudYeah, there's some real good talkers, I hear them every day
But I'm not sure they know what love's about
Oh, but everything I do is a silent 'I love you'
And I'm just no good at love out loudLove out loud it don't come easy, love out loud it's hard for me
Deep inside my heart is singing and reciting poetry
So please don't read my silence as a cause for any doubt
I'm just no good at love, I'm just no good at love
I'm just no good at love out loudLove out loud
Love out loud
Love out loud
