Belial's Bride

Ancient times, dawn of man. Third of stars rebellion. Corruption found: Idolatry. Sons of God: Blasphemy!
Paradise made. Paradise. Fruit forbidden, innocence gone. Deceiving man, enslaved to sin. Seducing lust: Fornication!!

Hatred of man. Hatred of God. Unholy union defiling blood. Daughters of men being enticed. Fruit of the womb: Demonized!
Seed of Angels: Giants are born. Evil intent, human raced scorned. Disobedience, complacency; tempted by idolatry.

With their minds they hypnotized. Their plaguing thoughts manipulize. Enslave the world. Purity lost. Angels are worshiped, murdering God.

Stimulate, manipulate, fornicate; desecrate!

Third of stars falling from heaven: Subjecting the earth to their plan. Lift themselves to the place of God; perverting all of creation.
Both man and animals, defiled blood: new species born; abomination. Holiness lost, mass deception. Waging war with the creator.

With their minds the minds they hypnotize. Their plaguing thoughts manipulize. Enslave the world. Purity lost. Angels are worshiped, murdering God.

Stimulate, manipulate, fornicate; desecrate!
Hypnotize, demoralize, demonize; genocide!

Unlawful carnal knowledge between angels and humans. Genetically altered animals; perversion throughout the land. God's righteous indignation: Punishment by a flood. The perversion is washed away, but the angels still war on!

Throughout the world, and all through time: They come to us as beings from the sky. Seducing us to worship the alien gods as they invoke our primitive lust.

Stimulate, manipulate, fornicate, desecrate!
Hypnotize, demoralize, demonize, genocide!

With their minds they hypnotize. Their plaguing thoughts manipulize. Enslave the world. Purity lost. Angels are worshiped, murdering God.
