Doomsday Dance

Willie Nile

I'm gunna scream your name you'll put your red schroud on
And we won't feel no pain cause all our hope is gone
I'll bring a hand grenade I'm gunna loose the pin
We'll dance with Mr Death he's gunna cut right in
No time to contemplate our sorry circumstance
Down at the doomsday danceThere's gunna be a crowd of flash and trash
There'll be a mushroom cloud after the blinding flash
This is the real thing it ain't no false alarm
We're gunna check right out we're gunna buy the farm
You know this ain't no place to find a true romance
Down at the doomsday danceWe're gunna go down down down
We're gunna go down down down
We're gunna go down down down
At the doomsday dance ... at the doomsday danceI'll take your bony hand your gunna shake your hips
I'm gunna squeeze you tight cause you're apocalypse
There'll be a body count we're gunna watch it rise
The folks will see it in they won't believe their eyes
We'll do the dead man's twist this our last chance
Down at the doomsday danceChorus
SOLOI'm gunna scream your name you'll put your red schroud on
And we won't feel no pain cause all our hope is gone
I'll bring a hand grenade I'm gunna loose the pin
We'll dance with Mr Death he's gunna cut right in
No time to contemplate our sorry circumstance
Down at the doomsday danceDouble Chorus
