Lighthouse

Scott MacIntyre

Change is coming
I can feel it in my bones
Fog is rolling in
concealing the globe
My hands are shaking
I'm starting to let go
But I'm not afraid
'cause I don't sail these seas aloneYou are my lighthouse standing tall and true
Out of the wind and waves I'm drawn to you
You're a beacon shining through the clouds of doubt
You are my lighthouse, lighthouse, lighthouse
You are my lighthouse
Wooooooow...The world around me is an everchanging tide
Two patients crashing at my feet on every side
Storms may come and go
But you stand the test of time
You are my constant and you lead me to the light
Lord lead me to the lightYou are my lighthouse standing tall and true
Out of the wind and waves I'm drawn to you
You're a beacon shining through the clouds of doubt
You are my lighthouse, lighthouse, lighthouseYou are my lighthouse
Wooooooow
You are my lighthouse
Wooooooow
Steady me, steady me
Keep my heart on course
Lord, ready me, ready me
For what you have in store
God steady me, steady me, steady meYou are my lighthouse standing tall and true
Out of the wind and waves I'm drawn to you
You're a beacon shining through the clouds of doubt
You are my lighthouse, lighthouse, lighthouse
You are my lighthouse, lighthouse, lighthouseYou are my lighthouse
Wooooooow
You are my lighthouse
WooooooowSteady me, steady me, steady me
(Wooooooow)
Ready me, ready me, ready me
(Wooooooow)

Steady me, steady me, steady me
Ready me, ready me, ready me
