

Has Anybody Got an Alibi

The Professionals

Can anybody see you hanging on?
No one seems to know just what went wrong
Has anybody got an alibi?
Today, another year went quickly by It's really good, the things you can do these days
And it all depends on what's the latest ways
You never know what's coming around the bend
You never know how quickly things commend I could be wrong, you should be here to stay
It might not be the same, it's such a shame
And it's so hard to turn the other way
One thing I should of never... so they say Can anybody see you hanging on?
No one seems to know just what went wrong
Has anybody got an alibi?
Today, another year went quickly by
