

Anna

Stone Sour

Tell me again why you're running away
Do you need me?
Nobody's home and there's nowhere to stay
Do you believe me?
Maybe I can't be the man of your dreams
But I can save you.
You were never really gone and it seems
That you can feel it too.
We won't see the stars if the sun is in our eyes
So don't look so surprised! Because it's just another reason why a fool like you
Would listen to a fool like me
I'll do what all the idiots around you do
And show you that you'll never be free
You're not supposed to feel this right
One is always better if you can't have two
Now that I have nothing while can't have you
You left me once, don't you leave me twice
'Cause no one is alone, no one is alone Tell me again how I'm on your mind
You're always on mine Tell me it's really just a matter of time
And I'll believe a lie
I can't see the sun because you're stars are in my eyes
So don't look so surprised Because it's just another reason why a fool like you
Would listen to a fool like me
I'll do what all the idiots around you do
And show you that you'll never be free
You're not supposed to feel this right
One is always better if you can't have two
Now that I have nothing while can't have you
You left me once, don't you leave me twice
'Cause no one is alone, no one is alone Oh what am I gonna do, you feel so right
Nothing is forever if it can't be true
Now that I am nothing I have to have you
You loved me once, you better love me twice
'Cause no one is alone, no one is alone Tell me again why you're running away
Do you need me?
Nobody's home and there's nowhere to stay
