Be Mine

Wild Orchid

Showin' it, flowin' it, doin' it right
'Cuz you if can't connect you could be polite
Come a come say that you'll be mine
You can send it in a bottle or even by UPS, yes
Send it in a telegram, just make sure that it get's here fast
You can mail it in a letter, call me up on the telephone
Have it written in the sky, can't you see that I'm dying to know, baby
Yeah, it's okay that you're a little shy, so shy
'Cuz there's a thousand and one ways
To say what you wanna say
All I want is a message send it to me baby
All I need is a sign ooh ooh baby, just give me a signal
That you're gonna be mine, that you're gonna be
Gonna be mine
Showin' it, flowin' it, doin' it right
'Cuz you if can't connect you could be polite
Come a come say that you'll be mine
When you gonna say that you'll be mine
Have it printed on a billboard, or e-mail me on the net
Dedicate it on the radio, or send it by fed express
You know I've been waiting so patiently

Don't go and waste precious time
'Cuz I can't read your mind
All I want is a message send it to me baby
All I need is a sign all I need's a sign
Baby, just give me a signal that you're gonna be mine
That you're gonna be, hey that you're gonna be mine
When you're with me, I barely breathe I barely breathe
I just can't speak what I feel say the words for me
Showin' it, flowin' it, doin' it right
'Cuz you if can't connect you could be polite
Come a come say that you'll be mine
When you gonna say that you'll be mine
Showin' it, flowin' it, doin' it right
'Cuz you if can't connect you could be polite
Come a come say that you'll be mine
When you gonna say that you'll be mine
Baby be mine please please please be mine

Baby just give me a signal, that your gonna be mine, mine, mine
Send it to me baby
