When the Bass Drops

Jupiter Rising

Chorus:
This is what is sounds like when the bass drops.
Th-this is what it sounds like when the bass drops.
Th-this is what it sounds like when the bass drops.
Th-this is what, th-this is what, th-this is what it sounds like.
(Repeat)Slip on the beat just like it's the new flyest fit,
Contagious gettin' to me, my hips are switched,
Ooh I see you eyein' it.
Sinkin', swervin, servin' with the bass to the max,
Pulsin, vibratin' on my body enough to cause heart attacks.When I drop my knees like a stripper move,
Don't spill that soda with the goo,
Electric cutie come and groove,
So clutch the mic and make some room.Get out if you ain't down cause this shit is the hype, uh-huh.
Th-this is what, th-this is what, th-this is what it sounds like.ChorusUh-oh, yall ready for this?
The Lady Tigra!Make room I'm comin' with the fire when I take over the place,
Make no mistake, when it's up in your face.
Takin' names, make it clap, what you watin' for,
Vibratin' pulsatin' down on all fours.
On the floor like a rotating door,
My hip got a swivel in it, my lip got you kissin' on it, just a lickin' on it,
And when the bass drops hittin' on it.
Make room, if you're thinkin' of bringin' it, then bring it yo,
Whatcha waitin' for?
Meet me on the floor,
I'll be on the floor,
I'll be on the floor,
I'll be on the floor,
I'll be on the floor.ChorusAutomatic, stuntin' status, keep it classic, like it's Gladis.
Always on the beat when I pop them bottles,
Always in the sheets when I hit them models.
Is this the type of life that I leave for the rest?
So I always stay fresh, never settlin' for less.
Never been about the fame, never been about the cash,
Only been about the thing that make you move your ass.
Pop it like a bongo, move it like a snake,
If you take it too slow, that's your only mistake- oh!
Lemme bring it back round right quick.
Lemme take it from the bass to the kick.
Lemme see how you work with it when we drop that thing make it sound like this.Chorusx2
