Hopeless

Everybody says it's just another decay of the soul
But I know I'm a hopeless follower of anything
To take me away from this hole in the ground
I found it hopeless clinging to a feeling
 Like a fish on a line
It's sublime to find it lately hopeless
No more saying there is no more time
 I've was trying far too hard
 To be what I thought I should be
 I was playing wild cards
And seeing things that weren't in front of me
 Like a little tiger play fighting
I was hurting myself again and again
 Because I'm hopeless
Everybody says it's just another decay of the soul
But I know I'm a hopeless follower of anything
To take me away from this hole in the ground
I found it hopeless clinging to a feeling
 Like a fish on a line
It's sublime to find it lately hopeless
No more saying there is no more time
 There is no more time
Well, I'm just discovering I'm living in a different body
Got a little insight into everything that's happening to me
 Like a little spider I'm climbing the insurmountable
 But I never hold myself accountable, no
Because I'm hopeless, everybody says I'm hopeless
 But I got a bit of hopelessness
 Oh, and you can never bring me down
 Even though I've got some solid ground
Oh, because I love it so and I think you should know
 That I'm hopeless
Everybody says it's just another decay of the soul
But I know I'm a hopeless follower of anything
To take me away from this hole in the ground
I found it hopeless clinging to a feeling
 Like a fish on a line
It's sublime to find it lately hopeless, hopeless, hopeless

No more saying there is no more time
