Just for You

Mis-Teeq

Ha, yo, are you ready for this one?Yo, ha
Gonna mix, blend, rip up the track, new determination, can you feel that?
We fly on Virgin to countries and back, talk the talk as we wave the flag
Now how you liking that? Distribute likes stores in a street
Where people of the town are so quick to speech ya, greet ya, teach yaI'm just Alesha, now I'm getting stressed, more pressure, more debts
I'm just trying to make a living for me, free ya mind and let people be
Why does there always have to be jealousy?
There's 'nuff room for you and 'nuff room for me
I'm gonna flip this script just one more time I'm a flip, flip, flipWe ain't going nowhere, we're staying right here
'Cause we do it just for you
And that's the truth, we ain't going nowhere
We're UK's finest, brightest shining starsIt's Su-Elise and now it's time for me to say my piece
And you should know hold it down for the south every where we go
Gonna wreck the UK 'coz that's my homeSometimes my peeps they be tripping and that's okay
It's just words and that's this game
Never care 'bout the money, never asked for the fameSu-Elise one out of the three
As long as there's a group that you call Mis-Teeq
You'll regret the day you ever doubted me, quite but deadly
If you really wanna know ask me, never rude maybe a little feisty
I thought you knew bad gals move in silenceWe ain't going nowhere, we're staying right here
'Cause we do it just for you
And that's the truth, we ain't going nowhere
We're UK's finest, brightest shining starsLa di la da di when it comes to be I rock the party
So throw ya hands in the air everybody
I'm a throw it one time for the party
Oh my gosh, got love for the ones who hold it down for me
Oh my gosh, got love for my sisters and the real MCsLove the mic but I choose to sing
Now let me take ya back to the old skool beat
Sabrina, yeah, you know I'm sexy and you know it
And the way I spit can't nobody do it better soWe ain't going nowhere, we're staying right here
'Cause we do it just for you
And that's the truth, we ain't going nowhere
We're UK's finest, brightest shining starsWe ain't going nowhere, we're staying right here
'Cause we do it just for you
And that's the truth, we ain't going nowhere
We're UK's finest, brightest shining stars
