Double Trouble

Beres Hammond

(Verse 1)
Now look at me
At a quarter to three
I wanna go home,
That's where I should be
Dont know what to do
Or what I should say
Gotta make up my mind
Before night turns to day

(Hook)
Be early
She told me
I'll be waiting for you honey,
I made something special for you
Now how am I going to enter?
I can't afford to wake her
With lipstick stains
I gotta tip toe

(Chorus)
Now double trouble
Is waiting
It's wrapped up in my bed
I'm tired,
I'm sleepy
Can't take the nagging in my head
Now double trouble
Is waiting
It's wrapped up in my bed
I'm so tired,
I wanna go home

(Verse 2)
Now this is my date
Wonder if she's awake or asleep
If I know her well
She's somewhere taking a peak
What will story be?

This one better good
Should I tell her I had a confrontation with Robin Hood?

(Hook)
Be early
She told me
I'll be waiting for you honey,
I made something special for you
Now how am I going to enter?
I can't afford to wake her
With lipstick stains
I gotta tip toe

(Chorus)
Now double trouble
Is waiting
It's wrapped up in my bed
I'm tired,
I'm sleepy
Can't take the nagging in my head
Now double trouble
Is waiting
It's wrapped up in my bed
I'm so tired,
I wanna go home
