

Delta

Beulah

being young's romantic
the tourists smile and say cheese
we're sendin' you just a postcard
dolores has got us off alive
prose only lasts forever
got shakespeare in the personals
our palms read fragile lifelines
that stretch a hundred miles or more

and hey love don't you think about me sometimes
think about you way more than i'd like
and hey love don't you think about me sometimes
think about you way more than i'd like
hey big eyes, got such a keen

try to fall for strangers
try to fall for strangers

from all of my friends, all of my friends

try to fall for strangers (tried so hard)
try to fall for strangers

kiss just like a car crash
it's where the air breathes easier
you missed the whole first chapter
the stories were etched in the cement
pullin' out the compass
we're right back where we started from
it's any consolation, remember we're fucked up together so far

and hey love don't you think about me sometimes
think about you way more than i'd like
and hey love don't you think about me sometimes
think about you way more than i'd like
hey keen eyes, you got such big eyes

try to fall for strangers
tried so hard for strangers

all of my friends, all of my friends

try to fall for strangers

try to fall for strangers
