

This Story Ends

winnie

Limitations of my mind
No more going back, you're stuck with me
It's you and me until the end
Ah-ahhhâ€¦

Limitations of my mind
You aren't even really here right now
Everything changed overnight
Ah-ahhhâ€¦

Hesitation in my heart. Can't accept it by myself. I see your past flashing through my eyes.
This story ends. Come, you break me down. Over and over, and overâ€¦
This story ends. Come, you break me down. Over and over, and over, so please break me down.

Limitations of my mind
No more going back, you're stuck with me
Everything changed overnight
Ah-ahhhâ€¦

Hesitation in my heart. Well, if it was meant to be, I would turn a blind eye to your past.
This story ends. Come, you break me down. Over and over, and overâ€¦
This story ends. Come, you break me down over and over, and over, so please break me down.

You. You could maybe hide it, maybe go roundâ€¦ maybe hide it, maybe go roundâ€¦ maybe hide it, maybe go roundâ€¦

This story ends. Come, you break me down. Over and over, and overâ€¦
This story ends. Come, you break me down. Over and over, and overâ€¦
This story ends. Come, you break me down. Over and over, and overâ€¦
This story ends. Come, you break me down over and over, and over, so please break me down.ï»¿
