Bit Beach (feat. Constantine)

Cape Cod

The sky and palm branches
The sun shines on your shoulders
Wind caresses your hair
Let's insert the tape into the player
We run in our rendezvous
Remember and you said no taboo
100 miles per hour
Carries me to your flower

Our love is forever
Wind caresses your hair
It's ok it's all right

Hey ain't a a ain't to much for your touch
Girl this night we'll remember. Alright?
Baby we are rich bit bit beach
World is fine cause
We out of time

It's all not the ocean, it's not air and stars
It's not because you baby are burning up
It is simply because i'm in love, all say is true
It's just because i trust in us and i want you

Je suis a toi Prends-moi,
Your sounds lead me to nirvana
Plutot bien! me toucher la
And i'll do anything for ya

S'il vous plait admettre mon amour
From my heart you don't need a clue
All around Paradise for Two
Nous ne pouvons pas aller a contre-coeu
