

Scents And Sensibility

Yellow Red Sparks

Youâ€™re a lot like me youâ€™ve got your sensibility
It shouldnâ€™t make you nervous when weâ€™re talking in the breeze
Well everyoneâ€™s got their idea of who we shouldnâ€™t be
But I wonâ€™t compromise us all even if itâ€™s killing me

Pressed against the rails and Lord you know I chose to die
But just because youâ€™re winning doesnâ€™t mean theyâ€™re on your side
And everyoneâ€™s got obstacles theyâ€™ll throw into your life
But I canâ€™t help you out at all, not until you decide

And I wonâ€™t miss you anymore
And our lips wonâ€™t kiss the portions weâ€™ve sold
I believe we were framed from the start
With all the links that have torn us apart

Youâ€™re a lot like me youâ€™ve got your sensibility
It shouldnâ€™t make you nervous weâ€™re just talking in the breeze
Well everyoneâ€™s got their idea of who we shouldnâ€™t be
But I wonâ€™t compromise the salt, the salt you put in me

And I wonâ€™t miss (mix) you anymore
And our lips wonâ€™t kiss the portions weâ€™ve sold
If I believe we were framed from the start
With all the links that have torn us apart

Oh darling. Stop calling
Oh darling. Stop calling home

And I wonâ€™t miss (mix) you anymore
And our lips wonâ€™t kiss the portions weâ€™ve sold
Yes I believe we were framed from the start
With all the links that have torn us apart
