

# Forward March

**Derrick Morgan**

Forward march Gather together, be brothers and sisters  
We're independent, we're independent  
Join hands to hands, children started to dance  
We're independent, we're independent Don't be sad and blue, the Lord is still with you  
Because the time has come when you can have your fun  
So make a run, we're independent Brothers and sisters give joy and praises  
While it's under, yeah, yeah  
Brothers and sisters give joy and praise  
To His commandments, yeah, yeah Don't be sad and blue, the Lord is still with you  
Because the time has come when you can have your fun  
So make a run, yeah, yeah Woah, ooh, woah, oh, we're independent  
Yeah, yeah, yeah, we're independent  
Sing a song, sing a song  
Sing it well, sing a song, sing a song, we're independent Brothers and sisters give joy and praises  
While it's under, yeah, yeah  
Brothers and sisters give joy and praise  
To His commandments, yeah, yeah Don't be sad and blue, the Lord is still with you  
Because the time has come when you can have your fun  
So make a run, we're independent  
Because the time has come when you can have your fun  
So make a run, we're independent
