ASTR

Verse 1
Bad dreams, in blue Hawaii
Palm trees, can set your mind free
Beach palm drop dead inside me
Black hole, nowhere to find mePre-Chorus
And the stars are in the sky
And we wonder where we lie
Wash away in paradise
We're so gone, we're so...Chorus
We're so gone
Everybody, everybody, everybody, everybody
Everybody, everybody, everybody, everybody
We're so gone
Everybody, everybody, everybody, everybody
Everybody, everybody, everybody, everybody
I'm just doing my thingVerse 2
Fresh meat in my condo
Next drinks in El Dorado
Go home, hood rich casino
Pack your misled libidoPre-Chorus
And the stars are in the sky
And we wonder where we lie
Wash away in paradise
We're so gone, we're so...Chorus
We're so gone
Everybody, everybody, everybody, everybody
Everybody, everybody, everybody, everybody
We're so gone
Everybody, everybody, everybody, everybody
Everybody, everybody, everybody, everybody
We're so gone
I'm just doing my thing
We're so gone
I'm just doing my thing
We're so...
Gone, gone
We're so...
Gone, gone, gonePre-Chorus
And the stars are in the sky

And we wonder where we lie
Wash away in paradise
