

Far Away

Queen Ifrica

I want to take you far away, far away, far away
Only if you say you'll come
All to myself
Is how i want to have you
Cant see me with nobody else
And i don't know what to do I see you pass my way each and every day
Could you stop just once is all i'm asking
Cause i can't seem to help myself
There's something about the way you walk
Oh i wish that we could talk
Sit and cuddle in the park
Gazing in each other's eyes
All night I want to take you far away, far away, far away
Only if you say you'll come
All to myself
Is how i want to have you
Cant see me with nobody else
And i don't know what to do All my friends are angry
They think i'm crazy
Cause i don't let you know
About this feeling that i have for you
Something tells me that you feel the same way too
It's only a matter of time, oooh I want to take you far away, far away, far away
Only if you say you'll come
All to myself
Is how i want to have you
Cant see me with nobody else
And i don't know what to do It's been a while now since i wanted to tell you but i found it hard mi couldn't find
the courage and when i say you with another clinging on your arm i knew i had to get you so i couldn't keep my
calm
I want you to keep me warm
Rubbing on each other
All night, all night I want to take you far away, far away, far away
Only if you say you'll come
All to myself
Is how i want to have you
Cant see me with nobody else
And i don't know what to do I see you pass my way each and every day
Could you stop just once is all i'm asking

Cause i can't seem to help myself
There's something about the way you walk
Oh i wish that we could talk
Even sit it and cuddle in the park
Gazing in each other's eyes
Oh nightI want to take you far away, far away, far away
Only if you say you'll come
All to myself
How i want to have you
Can't see me with nobody else
I wanna love you
