

# In Hell

## Dead Bronco

You done gone killed your mamma done gone killed your papa  
You slayed them all, with that 44  
You riding down that low road  
Got nowhere to go  
Oh lord help me, I've gone off to see satan  
In hell Mother where's my father, its dark and I can't find him  
He sailed away, gone off to see satan at the bottom of a bottle  
It's safe if you can follow  
Oh dear Jesus, this drink goes to you  
In hell  
I will see you in fucking hell
