Serenade

Sam Thacker

she will unfold herself out-loud
all of her instruments shutdown now
wait for the moment to come round
I'll do with what you'll do without
scared of being afraid she wants to lean on
what she don't want to see

I'm sleeping with the lights on
the older i get the less i know
give me peace give me distraction
from every inch unknown yeah
in the beauty of a serenade

stay here all night into the day
feel all your feelings slip away
warm nights won't last forever now
where will you be when you come down down
i want to be there yeah

scared of being afraid she wants to lean on
what she don't want to see
i'm sleeping with the lights on
the older i get the less i know
give me peace give me distraction
from every inch unknown yeah
in the beauty of a serenade

forth steps never fall softly on
hearts that lie at her feelings
now i wish i could forget
the way she walks on me

I'm sleeping with the lights on
the older i get the less i know
give me peace give me distraction
from every inch unknown yeah

I'm sleeping with the lights on
the older i get the less i know
give me peace give me distraction

from every inch unknown yeah
in the beauty of a serenade
