Leaving Yesterday Behind

Optic Nerve

Since you left me, I never really tried
To put my life at where it should belong
And I always let the past comeback
And realizing that it could be wrong.

But now, I finally knew, I had to let it go
To make way for a brighter tomorrow.

So, now, I'm leaving yesterday behind
Finally, I've made up my mind
Let the memories stay away
And think about today.

I'm leaving yesterday behind
Cause now I'll try it in my life once more
The way I did before...

Since you left me, I never really tried
To put my life at where it should belong
And I always let the past comeback
And realizing that it could be wrong.

But now, I finally knew, I had to let it go
To make way for a brighter tomorrow.

So, now, I'm leaving yesterday behind
Finally, I've made up my mind
Let the memories stay away
And think about today.

I'm leaving yesterday behind
Cause now I'll try it in my life once more
The way I did before...

Since I know that I never will forget
The memories that made my yesterdays
I will try not to let it interfere
The choices I will make along the way
Cause I'm not living in a world of fantasy

I'm here now in the world of reality.

So, now, I'm leaving yesterday behind
Finally, I've made up my mind
Let the memories stay away
And think about today.

I'm leaving yesterday behind
Cause now I'll try it in my life once more
The way I did before...

So, now, I'm leaving yesterday behind
Finally, I've made up my mind
Let the memories stay away
And think about today.

I'm leaving yesterday behind
Cause now I'll try it in my life once more
Just the way I did before...
