Slaughterous Ways

Lock Up

Benumb the masses
Detached from the world within
Degeneration
The serpent's shedding skinSlaughterous ways
Slaughterous waysCome onA reptile devoid of soul
I am the serpent's eyes
Suicidal species
We deserve the dieSlaughterous ways in splendor coiled
Buried deep in blood drenched soilMankind's desperation
Designs to slaughterous ways
The world of lies, they showed me
Collapsing in my faceSlaughterous ways in splendor coiled
Buried deep in blood drenched soil
