

# From Here to Forever

**Kris Kristofferson**

Cool shadows fall through the moonlight  
Soft as the breeze through your hair  
And the smile on your face while you're sleepin'  
Is the answer to anyone's prayer Fill your heart for the mornin' tomorrow  
You've still got a long way to grow  
And the love that you're dreamin' will guide you  
And live like a song in your soul And darlin', if we're not together  
There's one thing I want you to know  
I'll love you from here to forever  
And be there wherever you go There are so many feelin's to follow  
So many chances to take  
So many ways you can stumble  
Someday your heart's gonna break Darlin', take all the time that you're given  
Be all you know you can be  
And if you need a reason for livin'  
Do it for love and for me And darlin', if we're not together  
There's one thing I want you to know  
I'll love you from here to forever  
And be there wherever you go  
I will love you from here to forever  
And be there wherever you go
