

He Got It All

Millionaires

DGAF Til we die, baby

I show up drunk, and I don't give a fuck
He tatted up, and he just what I want
He always high, cuz he above the law
So sit back, and watch the money fall

[Hook]

He got it all
He got it all
All the dirty bitches know he got it all
He got it all
He got it all
All the motherfuckers know he got it all

He got a penthouse, he got a diamond chain
Call me his Asian tutor, you know I give him brain
He like my good hair, he make my kitty Hello
And when we get together, they call us black and yellow

Oh, oh, oh, oh, get up out my way, ho
Lookin' like some bum bitch, asking for dinero
Digiorno, delivery, he giving me what I need
Cuz he throwing down that cheddar and he tip me with that lean

Purple dirty Sprite drank, yeah that shit be so dank
Watch me spend that money, give this bad bitch a spank, spank
Um, baby? Question, maybe can I get that Maybach, not just a Mercedes?

I show up drunk, and I don't give a fuck
He tatted up, and he just what I want
He always high, cuz he above the law
So sit back, and watch the money fall

[Hook]

Yeah, he got it all, printing paper like the fucking man
Gold digging hoes always jumping on his fucking dick
Seven figures, eight inches, nine other bitches on the side

Ten Bugatti's and you know we getting high

Smoke his weed, riding shotgun

Every night we on one

Yeah, he got a wife, but I like that I'm his young one

Shark in the board room, he got his business handled

Hundred million dollar deals, he crush them like a Camel

House in the Hamptons, fuck if it's a mansion

Boss in the bedroom, giving directions

So what, I'm his favorite

So clean, and he taste it

He my Billy Clinton, yeah he balling like the President

And he call me Monica while shooting on my blue dress

I show up drunk, and I don't give a fuck

He tatted up, and he just what I want

He always high, cuz he above the law

So sit back, and watch the money fall

[Hook]

Your girl does party
