

Stone Cold

HammerFall

Outcast a time of war, when mankind lost control
Of life and death, under surveillance I watch the children pray, while god just turns away
Out in the ruins they seek shelter
These streets were once my home, but those
Golden days are gone, now I'm fighting to survive
Stone cold, the end of our dream The sword is on the street, it's kill or to be killed
With no exception you are on your own We should have seen it all along, the writings
On the wall, tell me what have we become Stone cold Who do you believe in now, when the prophecy
Came true, the final déjà vu These streets were once my home Stone cold
