Everything I'm Looking For

The Dirty Heads

This time I'm sure, girl, what I'm lookin' for
Yes, you're all that I need, girl, and more
I say, I sing, you filled the gap, yeah
You let me relax, oh, and I've forgotten all I was worried ofYou make it feel so right, yeah
Yeah, even when I'm wrong
Oh, and I wonder what took me so long
Could you tell me what took me so long?Ooh, well, she's got everythin' I'm lookin'
Everythin' I'm lookin', yes, everythin' I'm lookin' for
Well, baby, you got everythin' I need and more
One more time, I sing, everythin' I'm lookin'
Everythin' I'm lookin', yes, everythin' I'm lookin' for
Well, baby, you got everythin' I need and moreI'll never make another lover a victim
I'll never forget my mother's wisdom
She taught me love, oh, well, she taught me soul
I'll never forget these words of my father
He told me, "Son, don't let life bother you
There's nothin' out there that you can't do, no"And then he said, "When you're stressed out and feelin' down, son
Just take a deep breath and look around, son
The sky is blue, oh yes, the sun it shines right down on you
Oh, no matter what you got people here lovin' you"Well, I guess got everythin' I'm lookin'
Everythin' I'm lookin', yes, everythin' I'm lookin' for
Well, baby, you got everythin' I need and more
One more time, I sing, everythin' I'm lookin'
Everythin' I'm lookin', yes, everythin' I'm lookin' for
Well, baby, you got everythin' I need and moreSo jam it now
So jam it nowWell, I guess I got everythin' I'm lookin'
Everythin' I'm lookin', yes everythin' I'm lookin' for
I guess I got everythin' I need and more
One more time, I sing, everythin' I'm lookin'
Everythin' I'm lookin', yes everythin' and more
I guess sometimes we just forget what we're livin' for
