Heart Don't Lie

La Toya Jackson

No bother trying tee hide
From what you feel insideFive long months we've been going steady
I know it seems like a long time
When I ask the question, you say you're not ready
I'm not sure it's time for this right now
Don't try to hide it
With words that just aren't true
It's showing in your eyes
I see it, and so do youBut your Heart don't lie
You can tell me any old thing
Heart don't lie
It won't let you be deceiving
You know your heart don't lieI don't want your life, just want to share it
Want the same thing though I just don't know
So throw away your mask and set your heart free,
Love's a masquerade, girl, can't you see
Why try to hide it with words that just aren't true?
You know you want me 'Cause I feel it and so do youHeart don't lie
Now you know they dont lie no, they dont
You can tell me any old thing
But Heart don't lie
Sometime the true can hurt
It won't let you be deceiving
Heart don't lie
Now you know they dont lie no, they dont
You can tell me any old thing
But Heart don't lie
No they dont lie no the dont
It wont let you be deceivingNo bother trying tee hide
From what you feel inside
No bother trying tee hide
From what you feel insideBrother, dont you deny
You love me, and your heart don't lie
Know we want to be together
Brother, dont you deny
You love me, and your heart don't lie
Brother (Dont bother trying to hide)
Dont you deny (From what you feel inside)
You love me (Just listen what I say)

And you heart dont lie
Now I see, what you meant to me
Well AlrightBrother (Dont bother trying to hide)
Dont you deny (From what you feel inside)
love me (I want you more then ever)
Oh girl, love
Well Alright
Say what you meant to me baby
Brother (Dont bother trying to hide)
Dont you deny (From what you feel inside)
Got to love you
love me (It time you realized)
And you heart dont lie
Baby its true
Ahh--well alright
Brother (Dont bother trying to hide)
Dont you deny (From what you feel inside)
You love me, and you heart cant lie
Know we want to be together
I love you, I love you baby
