

Over It

Jordan Pruitt

Get over it You got caught up in all your stuff
And didn't have the time to think about us
You tried to hide behind your lies
You'll have to face the consequence
I've lost my trust in you and baby, now we're through I've had enough and I'm not looking back
I'm over it, I'm over it
I'm moving on 'cause you blew your chance
So get over it, I'm over it You broke my heart, gonna break yours back
I'm over it, so over it
It's time to draw the line
Don't want you to be mine, I'm over it You call me at home and on my cell phone
Constantly trying to tell me
You want me back, well, good luck with that
Baby, I'm not going to play these games with you
I said we're through I've had enough and I'm not looking back
I'm over it, I'm over it
I'm moving on 'cause you blew your chance
So get over it, I'm over it You broke my heart, gonna break yours back
I'm over it, so over it
It's time to draw the line
Don't want you to be mine, I'm over it I've had enough
And I'm over, I'm over, I'm over it
I'm moving on 'cause you blew your chance
So get over it You broke my heart, gonna break yours back
I'm over it, so over it
It's time to draw the line
Don't want you to be mine, I'm over it I was yours, you were mine, we were fine
'Til you let it all slip away
The mistakes that you made can't be changed
I don't care if it makes you insane Why'd you have to be like that
And do those things behind my back?
Now I'm stepping away from you
And I won't look back
'Cause I hate all the things you put me through I'm over it, I'm over it
So get over it, I'm over it
I'm over it, so over it
It's time to draw the line
Don't want you to be mine, I'm over it I've had enough and I'm not looking back
And I'm over, I'm over, I'm over it

I'm moving on 'cause you blew your chance
So get over it You broke my heart, gonna break yours back
I'm over it, so over it
It's time to draw the line
Don't want you to be mine, I'm over it I've had enough and I'm not looking back
I'm over it, I'm over it
I'm moving on 'cause you blew your chance
So get over it, I'm over it You broke my heart, gonna break yours back
I'm over it, so over it
It's time to draw the line
Don't want you to be mine, I'm over it
