You're an Angel

Souleye

Verse
Yeah I got lifted up off my feet
Felt like I was floating
Finger pointing toward the
North star moving
Angelic Yell and tell the Neighbors Cross fader
The Beat master is my father Real talk
Looks like adult time Gold mine
Yeah pleasure is my interest
Insurance sure enough
I'm ready for the whole plan
Slowly so lets take a chance
Go ahead move full speed Roll the dice
I walk with my back straight
Marmosets and gorillas
This track just went Ape
Saw an Angel in the mist
Under cover with a Cape
Momma always said where there's
A will there's a way
So wag your tail at the dog
While your barking today
Hold you hallow up high
Get your wings all spread
It's feels good to be Alive
Lets live it like this
Hook
I can feel your inspiration
All Day You're an AngelVerse
Yeah I knew I'd never loose my grip
Inspired by the fire in your eye's
That lift me higher then the highest
Mountain tip the balance beam I can dance upon
Not infatuated Pure Cali grown this tracks is
That nomadic sweet like sugar
Praise to Ray Charles
Combine with a non-stop
Feeling to be impeccable
Select and find a way to be a true

Coinsure rock tours
I feel inspired all day
Angels all around there
Floating above me
Hold your halo up high
Get your wings all spread
It feels good to be alive
Let's live it like this
Hook
I can feel your inspiration
All Day
I can feel your inspiration
All Day You're an AngelVerse 3
Yeah I've got to do it one more time
I got your message and I can't deny
If its real and you want it
Lets keep it melodic
I've got a dolphin that swims by my side
Half humming bird
Never occurred that they would cross
Paths and actually be compatible
This is radical out of control
Now tell me your aim
While your floating down the river
And you see it's the same
Take a sip from your cup
Till its all gone then fill it back up
And repeat this phrase
Hold you hallow up high
Get your wings all spread
It feels good to be Alive
Lets live it like this
