

Love Me So Naturally

[Alicia James](#)

Ohh, oh-oh-oh, oh ohh
Yeah, yeah
Brown skin, coily hair
Plump lips and a thick derriere
It shakes when I walk
I'm loud when I talk
When I speak they listen
I am so independent
But don't mistake it
Cause I need my man
Ask me how I rate myself
Ladies I tell him I'm a ten
No need to change
What's already perfect
Cause being me is always worth itI'm beautiful
No need to change who I be
I'm beautiful
If you gonna love me
Love me so naturally
I'm beautiful
Oohh ohhh ohhh ohhh
I'm beautiful
Yeah yeahI'll be the one to stand out in a crowd
I'll be the one to pick you up when you're down
And I'm that sista who's not afraid to speak up
You can count on me even when times are rough
Always walking around with my head in the air
Looking oh so fly, walking past and every single person stares
They say they wanna know what is it in me
That makes me act the way that I do
Cause everything I do is so brand newI'm beautiful
No need to change who I be
I'm beautiful
If you gonna love me
Love me so naturally
I'm beautiful
Yeah yeahhh
I'm beautiful
OhhhI'm beautiful

You're beautiful
We are beautiful
I'm beautiful
Yeah yeah
I'm beautiful
Ohh ohhh ohhI can't help it but I think I'm oh so fly
I can't help it but I think I'm oh so fly
