Active Volcanoes

Danko Jones

When you saw her across the club
You're one lucky son of a gun
Every boy in the room wanted her numberNo wasting time with a girl that fine
Do what you need to do to get loving
Just keep your cool, tell yourself it's nothingShe is easy on the eyes
Take your time, bet it all and let it ride
I know for sure that it's cool
When it's two active volcanoesEverybody knows love means nothing
When it clicks sometimes
Volcanoes get eruptingShe is easy on the eyes
Take your time, bet it all and let it ride
I know for sure that it's cool
When it's two active volcanoesSo it's coming down tonight
If you freeze you'll die of fright
Don't forget she's probably
Thinking the same thingJust lead in to what you know
You got this so keep your cool, take it slow
Don't want her believing you'll get nothingShe is easy on the eyes
Take your time, bet it all and let it ride
I know for sure that it's cool
When it's two active volcanoesEverybody knows love means nothing
When it clicks sometimes volcanoes get erupting
And you, my love, hurt me sometimes
But all is fair if she don't want it to happenEverybody knows love means nothing
But when it clicks sometimes
Volcanoes get eruptingWhen you saw her across the club
You one lucky son of a gun
Every boy in the room wanted her numberShe is easy on the eyes
Take your time, bet it all and let it ride
I know for sure that it's cool
When it's two active volcanoesTwo active volcanoes
Blowing all day and blowing all night
This is too hot to contain
