

Passengers

Marian

We are passengers to nowhere
Nobody knows where it goes
Nobody knows, nobody knows

Souls in the shadow
Lost in the scenes
Where a heart doesn't matter
For whatever that means

Nobody knows where it goes
Nobody knows where it goes

We are passengers, to nowhere
Nobody knows where it goes
Nobody knows, nobody knows
Gloomy eyes in the darkness

All the glitter has gone,
We don't know where our heart is
But we know it has gone

Nobody knows where it goes
Nobody knows where it goes

We are passengers, to nowhere
Nobody knows where it goes
Nobody knows, nobody knows
