Love Like This

Iakopo

Yes I'm in love with you
Just a little bit is Enough of you
And with your love
I have with drugs
Take you down
When I'm takin off
Your clothes girl
Watch Em hit he floor girl
I did it to ya body like its wrong girl
It looks like its a rain shower take you in
I'm ya hero you my heroin

(Chorus)
A love like this can turn an occasional Fein into an addict
A love like this can turn an occasional thing into a habit
Ya love is like a drug to me
Ya love is like a drug to me baby

Slow it down speed it up
Catch a fire wrap it up
And while ya feet up
Let ya hair down
Call it blind love find my way around
You with just my finger tips
Let the feelin linger
On ya lingsurei I mean langsurei
What I'm Tryin to say
Blame it on love and I think I'm straight

Chorus

No matter how hard I try to cure
This urge it's worthless
No point in tryin to fix this fix when it's workin out
I try to put her down
I try to give her up
Cold turkey just to get hocked again
