

# Caramel

## Blur

I've gotta get over  
I've gotta get over  
I've gotta get better  
I'm with you forever  
I've gotta find genius  
(Caramel)  
I've gotta get better  
(Caramel)  
I've gotta stop smoking  
(Caramel)  
I've gotta get better  
(Caramel, caramel)  
Where's the magic?  
I've gotta get better  
Oh, Lord, give me magic  
I'm with you forever  
I've gotta find my own skill

(Caramel)  
And live by the mountains  
(Caramel)  
I love you forever  
(Caramel)  
I knew I, I knew I  
(Caramel)  
Caramel, caramel  
Caramel, caramel  
Caramel, caramel  
[Incomprehensible]Low, low, low  
Low, low, low  
Low, low, low
