

Heaven of My Life

Change

A star shining in a universe far away
My heart knows that we shall meet again some sweet day
And you, you will be the flame that burns in my breast
And oh, I know just by knowing you I was blessed,
Yes I was truly blessed Heaven, Heaven, ooh waiting there for me
Heaven, Heaven, ooh always let it be So why, tell me why the good die young my old friend
I pray that heaven waits for everyone in the end
And love, love is how we cross that bridge to the light
A star that is what you are in my darkest night
Be always by my side Heaven, Heaven, ooh waiting there for me
Heaven, Heaven, ooh always let it be
