

# Break a Leg

## The Spill Canvas

I used to wanna feel your summer sweat seeping right into my eyes  
I used to wanna feel your body quake when I sink my teeth into your thighs  
Where did you come from? Where have you been?  
I don't know that much about you, but I don't think that I would like to anymore

The curtain's rising, just like the ante, here we go now, break a leg  
No, I literally mean it this time around  
I'm sick of you leading me on, I'm sick of you stringing me along, along  
I do hereby swear a bounty on your heart  
I hereby swear

Every poison kiss that you blew I deflected with an icy cold stare that  
I learned from you, what's a boy to do?  
Where did you come from? Where have you been?  
I don't know that much about you, but I don't think that I would like to anymore

The curtain's rising, just like the ante, here we go now, break a leg  
No, I literally mean it this time around  
I'm sick of you leading me on, I'm sick of you stringing me along, along  
I do hereby swear a bounty on your heart  
I hereby swear

Oh, my god  
Not even hell could be hotter than you right now  
Not even hell could be hotter than you right now  
  
Oh, not even hell could be hotter than you right now  
Oh, not even hell could be hotter than you right now  
Oh, not even hell
