

Cursed

Lord Huron

What I remember the most
is hollering her name
and the sirens wail
as we ran like hell
down a strange trail Oh, I wanna know what I did.
I wanna know her game.
I wanna learn her wits,
and how she plays her tricks,
oh, I gotta know. Lots of booze and her kiss
These are drugs that do not mix.
I was under her spell
and today I feel like hell.
She got me going, I guess.
Who knew love would be like this?
Don't know what I'm gonna do
But I guess I gotta see it through. Cause I don't know how to walk out of this deal.
The spell she cast on me is real.
I don't know how to right the wrongs I've done.
She bends the wills of men for fun.
I don't know how to take my own life back.
Everything she touches turns to black.
I don't know how to fight what I can't see.
That girl has laid a curse on me. I gotta find me a cure.
I gotta clear my name.
There's gotta be some some way
I hope it's not too late
To break the spell. Yeah,
I want to get her alone.
I want to ask her why.
And look into those eyes
and see the endless night
staring back. What kind of magic is this?
I was doomed by our first kiss.
Just a pawn in her game
I've done things that have no name.
And she'll make me do worse
If the law doesn't get me first
She has cloaked me in black
And there ain't no turning back. There are runes on my skin.

They appear when she walks in.
I am bound by her spell.
I am chained to do her will.
I'm a goner, I guess.
Who knew love was gonna be like this?
She has cloaked me in black.
And there ain't no turning back.
