My Everything

One Voice

Deep in the corners of my mind
And through the windows of my heart
Has a picture of your face
And when I feel that hope is gone
Thats when you take me in your arms (Arms)
And you chase my fears away
And no one else can make me feel this way (No one but you)
And I'm so thankful I want to say[Chorus]
Cause you were my everything
Your the reason why my eyes can see
And you mean so much to me
Your strength that lies within
Cause you were my everything
Wanna fill my life and world around you
And I'm glad I found you
So just remember your my everything[Verse 2]
Just like the sun that fills the sky
And like the stars that shine at night
(You know) You know you make my life complete
And when I feel like giving up
You give me everything I need
And I could not ask for more
And no one else can make me feel this way (No no one)
And I'm so thankful I want to say[Chorus]
Cause you were my everything (Your my everything)
Your the reason why my eyes can see (OoO)
And you mean so much to me
Your my strength that lies within
Cause you were my everything (Your my everything)
Wanna fill my life and world around you
So just remember just rememberIn this whole wide world (In this whole wide world)
What matters most to me (What matters most to me)
Is that your hear by my side for all eternity (OoO)
Well I'll climb the highest mountain
And swim the deepest sea
Just to be right where you are[Chorus]
Cause you were my everything (Your my everything)
Your the reason why my eyes can see (?)
And you mean so much to me

Your my strength that lies within
Cause you were my everything (Your my everything)
Wanna fill my life and world around you
So just remember your my everything
(OoO) Just remember your my every, my everything
