Guitar String / Wedding Ring

Carly Rae Jepsen

You were here And then you left Now theres nobody nobody Now theyre all just second best Theres nobody nobody So if you want me Ill be around Youre a bird in the water Im a fish on the ground Just hold me closer Oh wont you hold me down tonight But if you cut a piece of guitar string I would wear it like its a wedding ring Wrapped around my finger You know what I mean You play my heartstrings If you cut a piece of guitar string I would wear it This is the real thing Wrapped around my finger You know what I mean You play my heartstrings When youre near I feel the best Im somebody somebody Its in my pulse Its in my chest My whole body whole body So if you want me Ill be around Youre a bird in the water Im a fish on the ground Just hold me closer Oh wont you hold me down tonight But if you cut a piece of guitar string I would wear it like its a wedding ring Wrapped around my finger You know what I mean You play my heartstrings

If you cut a piece of guitar string I would wear it This is the real thing Wrapped around my finger You know what I mean You play my heartstrings Youre in the country And Im in the town Youre a bird in the water Im a fish on the ground And I wanna be there For you tonight And I hope you hear me Baby hold on tight Hold on tight Yeah

If you cut a piece of guitar string
I would wear it like its a wedding ring
Wrapped around my finger
You know what I mean
If you cut a piece of guitar string
I would wear it like its a wedding ring
Wrapped around my finger
You know what I mean
You play my heartstrings
If you cut a piece of guitar sting
I would wear it
This is the real thing
Wrapped around my finger
You know what I mean
You play my heartstrings
