

# Bad Haircut (Wessex Studios Pre-Album Demo)

## Silver Sun

All the little children, can you see them?  
Yes, they are all sleeping  
Professor Yaffle spoils your fun  
Sunday's always boring, boring  
Sitting on the toilet, waiting to come  
(chorus)  
I got a cut below that rest  
Depends on the cover when it's hot, i'm not  
Rain creeps into the drains  
And tell her the fact that she's so matter of fact  
Bye, bye, bye-bye, bye, bye-bye  
A bad haircut your gut feels like  
You've eaten much too much  
Clear up the dishes and start to fly, fly  
"The two of you, out together, out walking  
I'm back to my old tricks, stalking, stalking, stalking"  
(repeat chorus two times)
